OUR COMMITMENT TO STAYING GREEN

We invite you to become part of our green initiatives by helping us protect and preserve Florida's precious natural resources.

Every little bit helps, including:

- **Utilizing the in-room recycling bins for plastic, glass and tin**
- **Re-using towels and linens when possible**
- **Turning off the lights when not in use**
- **Using the dishwasher only with a full load**

These simple measures reduce energy and improve the environment for today and for our future. We hope you will join us in our green endeavors. Please let us know what you think by completing our comment card and returning it to the front desk at check out.

COMMENT CARD

Dear Owners and Guests:

We would like your feedback on our in-room green initiatives.

- Do you use the recycling bin for glass, plastic, tin? ☐ Yes ☐ No
- Did you participate in the towel re-use program? ☐ Yes ☐ No
- Was the guest room lighting comfortable? ☐ Yes ☐ No

If not, please give us your feedback:

Cares!

Please help us conserve precious resources and reduce your Club's utility costs

- Limiting your in-room water consumption by only washing full loads of clothes and dishes.
- Turning off lights, heaters and air conditioners when you are out of the unit.

Your efforts are greatly appreciated!
