

MAY 2012 COURTHOUSE ENERGY CHALLENGE

Calling all Custodial Staff: We need YOUR help to conserve!

Kitsap County is participating in a Courthouse Energy Conservation Challenge with Pierce County from now through the end of May.

You play a vital role in how much energy the building uses as the last people in the Courthouse each night. You can help conserve energy by doing the following:

- **Turn off lights** in custodial offices and closets when not occupied
- **Turn off lights** in the Courthouse when you have finished servicing that area
- Let Facilities know if any rooms feel especially hot or cold at night
- Contact Autumn Salamack at 360-337-5670 if you have any ideas for energy conservation in the Courthouse

Every light you turn off helps us conserve energy and win the challenge!
