

**Revised and Updated!**

## FEDERAL ON-SITE RENEWABLE POWER PURCHASE AGREEMENTS

0.3 CEUs

This course provides Federal energy and facility managers and contracting officers with knowledge and skills to develop an on-site renewable power purchase agreement (PPA) on a Federal site. Learn to:

- *Review key considerations* concerning state, local, and utility requirements and restrictions;
- *Consider the technical and site feasibility* for an on-site renewable energy project;
- *Establish a multi-disciplinary team* to successfully implement the PPA;
- *Understand key factors* in the areas of contract basics, land use, environmental compliance, infrastructure needs, and financial arrangements;
- *Understand the Request for Proposal process*, key approvals, and FEMP support and assistance.

FEMP Technical Lead:  
**Tracy Logan**  
*Former Program Analyst and Lead for Power Purchase Agreements  
Federal Energy Management Program*
