

DOE Webinar May 5, 2016

2016 Energy Exchange Update

The U.S. Department of Energy (DOE) Federal Energy Management Program (FEMP) will present a new *First Thursday Update* webinar, **2016 Energy Exchange Update**, from 1:30 to 2:30 pm EST on May 5, 2016.

This First Thursday Update will provide updates about the 2016 Energy Exchange training and trade show, which will be held on August 9th -11, 2016 in Providence, Rhode Island. The broadcast will provide the latest information on registration, learning tracks, session topics, session speakers, plenary sessions, workshops, CEUs, and logistics.

The instructor for this webinar is Dr. Timothy Unruh, Director of the U.S. Dept. of Energy's Federal Energy Management Program (FEMP).

Participants will receive key updates on:

- Expert-led, accredited training sessions on topics including energy technology, security and resiliency, project financing, sustainability, fleet management
- The integrated trade show featuring cutting-edge products and services to help improve project outcomes and reduce costs
- Early and regular registration rates and benefits, hotel blocks with low rates, and other planning considerations

The 60-minute training is free of charge, but advanced registration is required to obtain an Internet URL for the presentation. Registration for the broadcast will close on May 4, 2016.

For more information and to register, visit the FEMP Training course website.

For other free First Thursday training courses offered by FEMP, visit the FEMP Training website.
